REPORT OF AN AUDIT OF ACCOUNTS  
THE COMMONWEALTH OF MASSACHUSETTS  
DEPARTMENT OF CORPORATIONS AND TAXATION  
DIVISION OF ACCOUNTS  
STATE HOUSE, BOSTON

February 3, 1937

To the Board of Selectmen

Mr. John H. Perkins, Chairman

Hamilton, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Hamilton for the year ending December 31, 1936, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts

## REPORT OF EXAMINER

Mr. Theodore N. Waddell

Director of Accounts

Department of Corporations and Taxation

State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Hamilton for the fiscal year ending December 31, 1936, the following report being submitted thereon:

The financial transactions of the town as recorded on the books of the several departments were checked and compared with the records of the treasurer and the accountant.

The records of the town accountant were examined, the receipts as recorded being compared with the treasurer's cash book and with the records of departmental payments to the treasurer, while the recorded disbursements were compared with the treasury warrants and with the cash payments as recorded by the treasurer.

The ledger accounts were analyzed, a trial balance was drawn off proving the ledger to be in balance, and a balance sheet, showing the financial condition of the town on December 31, 1936, was prepared and is herewith appended.

The appropriations voted by the town, as recorded by the town clerk, were listed and checked with the appropriation ledger accounts, as were the reserve fund transfers authorized by the finance committee.

The records of the town treasurer were examined and checked. The cash book was footed throughout for the period covered by the audit. The receipts were analyzed and compared with the records of departmental payments to the treasurer, with

other sources from which money was paid into the treasury, and with the town accountant's records, while the payments were checked with the selectmen's warrants authorizing the disbursement of town funds and with the town accountant's records.

The savings bank books representing the investments of the several funds in the custody of the treasurer were personally examined and listed, the deposits, income and withdrawals being found to be as recorded.

The payments on account of debt and interest were verified by a comparison with the amounts falling due and with the cancelled bonds and coupons on file.

The records of the collector of taxes were also examined and checked in detail. The commitments of taxes, assessments, and motor vehicle excise taxes were analyzed. The payments to the treasurer were verified, the abatements as recorded were checked with the assessors' record of abatements granted, and the outstanding accounts were listed and compared with the accountant's control accounts.

Verification of the outstanding accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The records of receipts on account of dog and sporting licenses issued by the town clerk were examined and checked, the payments to the treasurer and to the Division of Fisheries and Game being verified with receipts on file.

It was found in checking the town clerk's accounts that payments to the State on account of sporting licenses and to the town treasurer on account of dog licenses issued have not been made by the town clerk monthly, as required by law. Furthermore, it was noted that a personal check of the town clerk for

\$368.88 drawn to the town in payment for licenses and deposited on November 28, 1936, in the treasurer's bank account with the town, was charged back against the treasurer's account on December 3, 1936, and returned to the treasurer marked "insufficient funds." A check to adjust this amount was issued by the town clerk and deposited in the treasurer's account on January 13, 1937. Another check drawn by the town clerk for \$45.53 and deposited in the treasurer's bank account was returned to the treasurer from the bank on January 5, 1937, for the same reason as the check mentioned above and was adjusted by the town clerk on January 16, 1937.

The record of receipts on account of licenses issued by the selectmen was examined, checked, and compared with the treasurer's record of receipts from this source.

In addition to the departments and accounts mentioned, the records of the sealer of weights and measures and of all departments collecting money for the town were examined, checked, and compared with the treasurer's and the accountant's records.

The surety bonds furnished by the several officials for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet, there is appended to this report a table showing a reconciliation of the treasurer's cash, summaries of the tax and the assessment accounts, together with tables showing the transactions and condition of the several trust funds.

For the cooperation received from the several officials while the audit was in progress I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts

HBD:MC

## REPORT OF THE HAMILTON COMMITTEE ON UNEMPLOYMENT

To the Citizens of the Town of Hamilton:

### GREETINGS:

The Town appropriated for the purpose of Unemployment Relief \$16,000.00 on March 2, 1936. This amount with the balance of \$3750.56 on January 1, 1936 made \$19,750.56 available.

Of this amount \$6330.37 was expended for wages and \$8486.05 for materials, trucking, etc. The balance on December 31, 1936 for Unemployment was \$4934.14, plus a transfer of \$922.79.

It will be noticed the amount for material, trucking, etc., is a great deal larger than in other years. This is due to the fact that we have furnished materials for W. P. A. Projects.

All monies voted by the Town for Unemployment purposes are expended under the direction of the Selectmen. It is the duty of the Committee on Unemployment to consider each applicant and if needy assign the amount of work to which each is entitled as follows, viz: A single man who supports only himself receives one and a half days a week or six dollars; a man with one dependent receives two days per week or eight dollars; a man with more than one dependent receives three days a week or twelve dollars, which is the maximum amount per week allowable.

We wish to thank the Selectmen and other Town officials for their hearty cooperation in helping us to carry out the projects and routine work.

Respectfully Submitted,

GEORGE H. SPRAGUE  
SAMUEL J. TYACK  
HAROLD E. PORTER  
HENRY C. JACKSON

## REPORT OF THE BOARD OF WELFARE

To the Citizens of the Town of Hamilton:

### GREETINGS:

The Board of Public Welfare submit herewith the report of their department for the year 1936.

We take this opportunity to acquaint you with some of the most salient problems that have confronted this board during the past year.

Outside of the usual demands that are made on this department the question of Old Age Assistance is of paramount importance.

At the last session of the General Court, several changes were made in the Old Age Assistance act in order that our law would conform to the Federal act, thereby enabling the state to receive Federal Grants. The first change reduced the age limit from 70 to 65 years. This added thousands of persons to the eligible list throughout the state. Previous to this change the state contributed one-third of the costs of Old Age Assistance and the town two-thirds. Under the new setup the Federal Government contributes three-sixths, the state two-sixths and the town one-sixth. The money received from the Federal Government must be set up as a separate account and used for Old Age Assistance. Another change raised an applicants equity in Real Estate from \$1,500.00 to \$2,000.00. At the end of 1935 we had 16 persons receiving Old Age Assistance and on January 1, 1937, we had 27 cases.

The last session of the Legislature also changed the Mothers Aid law to conform to the Federal Social Security Act. It is now known as "Aid to Dependent Children." Under this change a

child under sixteen who has been deprived of parental support or care by reason of the death, continued absence from home or physical or mental incapacity of a parent, and who is living with his father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle or aunt in a place of residence maintained by one or more of such relatives as his or their own home. Previous to this change the Town contributed two-thirds and the State one-third. Now the Federal Government pays one-third the State one-third and the Town one-third.

We mention the changes in the above two laws in order that the taxpayers may realize the expense which has to be borne by the Town.

At the present time it is practically impossible to accurately estimate the number of cases or the expense to the Town for the calendar year 1937.

Following the practise started last year we again engaged the services of Mr. Hugh Daugherty of Stoneham as investigator.

In closing we wish to thank the several citizens of the town who have given us wood, foodstuffs and clothing to be distributed.

Respectfully submitted,  
WALFRED B. SELLMAN  
EDWARD A. DeWITT  
JOHN H. PERKINS

## REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Hamilton:

### GREETINGS:

The Board of Health submits the following report for the year ending December 31, 1936:—

During the year 1936, the expenditures of the Health Department have shown a slight decrease, and this year we are asking for \$500.00 less than the amount appropriated for 1936. The Health appropriations have thus decreased as follows during the last three years:

1935 appropriation	\$4,500.00
1936 appropriation	3,500.00
1937 appropriation	3,000.00

We awarded the usual garbage and rubbish removal contracts for 1936 at a slight decrease from the previous year, to Margaret F. Harrigan, the garbage contract for \$1,248.00 and to Grace Lamson the rubbish contract for \$714.48. These contracts have been fulfilled satisfactorily.

The Town had no epidemics during the year, although there were more than the usual number of cases of measles. The number of reported cases of contagious diseases for 1936 were as follows:

Chicken Pox	2
Measles	56
Scarlet Fever	6
Tuberculosis	1
German Measles	11
Mumps	1
Whooping Cough	2
Others:	
Dog Bite	5

This department shows a balance of \$772.00 for December 31, 1936, with no outstanding bills.

Respectfully submitted,  
EDWARD A. DeWITT  
WALFRED B. SELLMAN  
JOHN H. PERKINS

## REPORT OF THE BOARD OF WATER COMMISSIONERS

To the Citizens of Hamilton:

### GREETINGS:

The Board of Water Commissioners herewith submit their second annual report for the year ending December 31, 1936.

During the year a project for the extension of fire protection mains on Union and Asbury Streets was undertaken. The project was approved by the Federal W. P. A. and work started June 9. Approximately 3000 feet of eight inch and ten inch pipe were laid, six hydrants were added making a total of 21 now in operation. Property valued at approximately \$350,000.00 was covered by this new extension.

Complete data on all past work was brought up to date and plans and maps drafted, showing all installations, hydrants, valves and cut in entrances to streets.

Your board considers it good business for the town to make extensions from time to time and an unemployment project in conjunction with Federal aid. We hope that the next project will extend the system to the entrance of Asbury Grove.

Our only other major work completed the past year was the painting of the water tower and tank at the railroad station.

We desire at this time to extend our thanks to the Board of Selectmen and all other officials of the town who have generously given of their time and effort in helping us carry on for the benefit of the town.

Respectfully submitted,

LAWRENCE E. ANDERSON

## TO THE TAXPAYERS OF HAMILTON

Several changes in laws on local taxation have been made the past year by the Legislature.

One is that the final date for filing personal statements is January 31st. These forms can be obtained at the assessors office or will be mailed on application.

Another change is that from January 1st, -937 on all Male persons over seventy years old are exempt from paying a poll tax.

Also the final date for filing applications for abatements on property is Oct. 1, 1937. Applications will not be accepted by the Board unless written on a form approved by the tax commissioner.

In regards to the excise tax on automobiles please notify the Assessors as soon as you sell your car or exchange cars. The 1937 rate on automobiles is, \$34.62 per thousand.

PLEASE READ ALL PRINTING ON YOUR TAX BILL

## REPORT OF THE SURVEYOR OF HIGHWAYS

To the Voters of the Town of Hamilton:

The following report of the Highway Department for the year ending December 31, 1936 is respectfully submitted.

During the past year the general program for the department has been concentrated on the tar and oil roads. Due to extra bad conditions caused last Spring by the floods and frost these roads needed more attention than usual; 4,066 gals. of cold patch, 4,824 gals. of road oil, 19,141 gals. of asphalt and 2,025 gals. of Tarvia were applied. The oil roads of the Town have been increased from 2½ to 3 miles this year.

The gravel roads have been scraped, dragged and patched. Assistance on the gravel roads by the Federal Government has been continued this year with the drainage and graveling of Moulton and Gardner Streets with the tar and cover for Moulton Street furnished from the Highway appropriation.

A much needed drain was installed on Bridge Street. New catch-basins were placed on various streets to offset bad drainage conditions. All of the catch-basins and pipes were kept free and clear by periodical cleanings. The drainage conditions in the Town are much more improved than they were several years ago.

The Tar-O-Lithic sidewalk program was continued under a State Bond Issue of \$1,404.05 on Railroad Avenue, Rust Street and a portion of Union Street.

In closing I wish to take this opportunity of expressing my sincere appreciation to the Town officials, other departments and to the Citizens of the Town for their generous co-operation.

Respectfully Submitted,

LELAND D. THOMPSON,

Surveyor of Highways.

## REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Hamilton:

The Board of Park Commissioners herewith submit their annual report.

During the past year the usual maintenance work of this department has been carried on at Cutler Park, Memorial Green and Chebacco Park.

We greatly appreciate the generosity of Mrs. Constance Williams, who gave us new wheels for the cannons at Memorial Green. Mrs. Williams has always been interested in this Memorial and was one of the public spirited citizens who aided in securing the cannons for the town from the War Department at Washington.

Lawrence R. Stone, the oldest member of our board, from the point of service, resigned early in the year to accept an appointment to the Finance Committee. Mr. Stone was first elected a Park Commissioner in 1926 and had served continuously since that time. His knowledge and counsel have been greatly missed. Henry A. Rauch was appointed to take his place.

We wish to extend our appreciation to all who have assisted us during the past year.

Respectfully submitted,

FRANCIS H. WHIPPLE

RAYMOND H. STONE

HENRY A. RAUCH

## REPORT OF THE CEMETERY COMMISSIONERS

To the Citizens of the Town of Hamilton:

### GREETINGS:

The Cemetery Commissioners submit herewith their report for the year ending December 31, 1936.

The major improvement this year was the grading and seeding of a large number of lots in the new part of the cemetery. This area is where the unemployed first started to work in the cemetery and in as much as these finished lots represent in terms of dollars and cents, the sum of \$2500.00, it can be readily seen that we are now getting some dividend on money spent in this manner.

As this report goes to press we are having the letters on the stone of Rev. Samuel Wigglesworth recut, which we hope will be of interest to visitors in the cemetery.

We wish to thank the Unemployed Committee for their assistance and also the Supt. of Streets for patching material for Main Avenue and for the great favor of keeping the avenues plowed in the winter time.

Respectfully Submitted,

LAWRENCE C. FOSTER

EVERETT F. HALEY

RAYMOND A. WHIPPLE

## REPORT OF TRUSTEES OF PUBLIC LIBRARY

To the Citizens of the Town of Hamilton:

### GREETINGS:

The Trustees herewith submit their report for the year ending December 31, 1936.

The past year has been one of progress. It has been our purpose to raise the standard of service rendered the citizens of Hamilton, by elevating the tone of literature for reading by the public. Reading of good literature is sound education, and tends to raise the moral standard of a community, this has been our purpose. At the beginning of the year, in attempting to fulfill this mission your trustees invited a group of interested persons to act as a Review and Reading Committee: Mrs. Constance Williams, Mrs. Dorothy Bradford, Miss Barbara Gage, Rev. William F. A. Stride, and Mr. William W. Bancroft generously gave of their time and effort in this work, to whom the Trustees extend their thanks and appreciation for their services.

The Library has received many gifts of books during 1936, the largest number of which was from the library of the late Frederic Winthrop. This collection is now in progress of cataloguing. To all donors of these gifts the Trustees extend their sincere thanks.

Additional book space at the Main Library for approximately 2500 volumes was added during the year. These alterations reflect a much improved atmosphere in the appearance of the Library Rooms.

For statistics, etc., reference may be had to the report of the Librarian.

Respectfully submitted,

CHESTER H. KNOWLES

KATHARINE P. STRIDE

ARTHUR W. CHANDLER

## LIBRARIAN'S REPORT

To the Trustees of the Public Library:

Herewith is presented the forty-fourth annual report.

The circulation of books for the year 1936 was 18,258. This is 1281 less than that of 1935—a loss at the Branch Library of 990—at the Main Library of 291.

There were 569 books accessioned; 530 books were purchased; 39 were gifts received. Books added were allocated as follows: juvenile books 150—fiction 110 non fiction 40; adult books 419—fiction 250—non fiction 169.

The circulation of magazines was 1901. This is 224 less than last year. We subscribe to 32 magazines.

All borrowers holding cards in active service were re-registered. We have on our register 644 names.

Several small gifts of books were received. A large gift of books, as yet uncatalogued, contains many books of reference, travel and history. Also several books in gardening, poultry raising, and the care and management of horses.

We were badly in need of room at the Main Library and the new book shelves in the stack and delivery room will serve us for some time to come.

A change in time of opening was made at the Main Library. We open at 6:30 P. M. instead of 7:00 P. M. and close at 8:30 P. M. instead of 9:00 P. M.

The Main Library is open Wednesday and Saturday from 3-5 and 6:30 to 8:30 P. M. The Branch Library is open Tuesday and Friday 3-5 and 6:45 to 8:45 P. M.

Respectfully submitted,

LYDIA L. HARADEN,

Librarian

## In Memoriam

### ARTHUR C. CUMMINGS

ARTHUR C. CUMMINGS was born in Topsfield February 20, 1870, and died July 6, 1936. He had served as a member of the board of selectmen for twenty-four years preceding his death. During his long service on the board he had acquired a large fund of knowledge of town government, practices and precedents, and was a source of much information on the happenings locally within the past quarter century. He was particularly conversant with welfare work, and from his long experience in perambulation work was probably the best informed man in town on town lines and boundary marks.

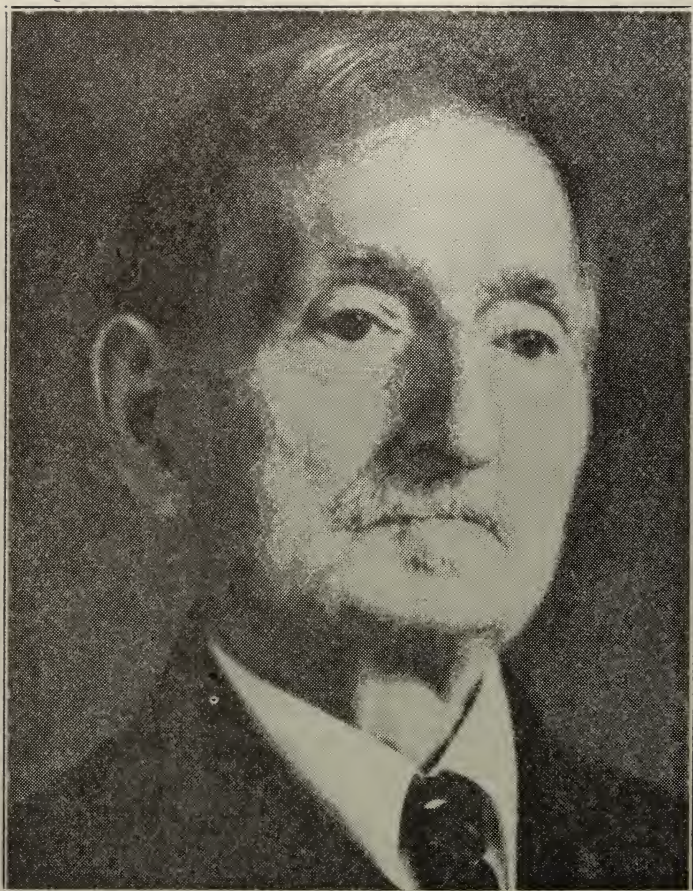

Progressive in his ideas and in close touch with communal matters, he was for a generation one of our leading citizens in the public, political and social life of the town. He was also prominently identified with the Methodist Episcopal Church at South Hamilton. At the time of its erection he contributed the stone and built the foundations as a gift to the church society and his name is inscribed on the cornerstone.

As a young man he was connected with the Boston and Maine Railroad and later engaged in the livery stable business, which he later supplanted with the garage business to meet changing conditions, which he was conducting at the time of his death. He was a member of Liberty Lodge of Masons in Beverly, Royal Arch chapter in Ipswich, Beverly lodge of Elks and the Hamilton-Wenham Grange.

From the nature of his business he was probably one of the best known men in this vicinity and few there were who were not familiar with his sunny disposition, genial smile and warm greeting daily.

## In Memoriam

### GEORGE KELLY KNOWLTON

GEORGE KELLY KNOWLTON was born in Hamilton July 8, 1840, and died September 11, 1936, having lived practically his entire life in this town. He was directly descended from John K. Knowlton, who came here from England before the Revolution. He was also the oldest voter in town and voted for Abraham Lincoln for President.

From early manhood he took an active part in the public affairs of the town and had served on the school committee for thirty years. In 1891 he was chosen to represent this district in the Legislature.

Until quite recently he always attended the annual town meetings, and when he arose to address the voters he was invariably accorded a rousing ovation. Due to his long and varied experience with town matters he was most versatile in his discussions and was always listened to with deep respect.

He was ever deeply interested in religious work, having been closely identified with the Methodist Church, and for many years was in general charge of the Union Chapel at East Hamilton, where he acted as lay preacher under appointment from the Methodist Episcopal Conference.

With him true citizenship and public service was a sacred trust, and in the discharge of his duty he exercised the most conscientious care and effort to attain the consummation of those principles in which he profoundly believed.

## REPORT OF W. P. A. COORDINATOR

To the Citizens of Hamilton:

This report covers the period from January 1, 1936 to December 31, 1936.

The Town received from the Federal Government \$43,861-.53. This is an increase of \$21,000.00 over the amount received in 1935.

In addition to this we received 6,740 articles of clothing and the following food.

Roast Beef	6032½ lbs.
Hamburg	627½ lbs.
Prunes	1550 lbs.
Canned Vegetables	888 cans
Apples	3300 lbs.
Butter	756 lbs.
Carrots	1500 lbs.
Cereal	700 lbs.
Beans	800 lbs.
Flour	3552 lbs.
Onions	2050 lbs.
Evaporated Milk	384 cans
Eggs	120 doz.
Peas	830 lbs.
Turnips	420 lbs.
Grapefruit	4455 lbs.

The value of the above surplus commodities is \$11,041.00.

The first project worked on was the completion of five avenues in the Hamilton Cemetery.

The next work was the grading of 1590 feet of sidewalk on the westerly side of Main Street and the installation of a

tarvia surface from Bridge Street to the Congregational Church. This fall a State Sidewalk project was begun and a much needed tarvia sidewalk was installed from Bridge Street to the Community House. At the same time a State Road Side Beautification project was in operation. Under this project the sides of the road were cleaned and graded from the Ipswich line to the Wenham line.

The Pest Control project was the next work undertaken and was of great benefit in the eradication of pests that infest our trees. At the same time a State Moth project was started and a great many of our trees were cleaned of the gypsy moth.

The extension of our Water Main was then begun. A total of 2936 feet of pipe was laid on Union and Asbury Streets.

After the Water Main was completed Chestnut Street was excavated and a good road was built from Pine Street to the Wenham line with all necessary drainage taken care of.

The Farm to Market project continued the entire year. Sagamore, Moulton and Gardner Streets were rebuilt and drainage work was done on Essex Street, Farms Road and Willowdale Road.

The Sewing Project at the Jonathan Lamson School continued the entire year, employing an average of eleven women.

A very worthwhile and the first so-called white collar project in this town was started September 23, 1936, and is still in operation. This is the Registration of Veterans and Veterans Graves for the Town of Hamilton. This will give the American Legion and the Town a complete record of soldiers and sailors that went from Hamilton and also a record of their burial in the Hamilton Cemetery.

I wish to thank the Selectmen at this time for their assistance and cooperation so generously given.

ALEXINA D. MORROW.

## REPORT OF THE BOARD OF SELECTMEN

To the Citizens of the Town of Hamilton:

For the first time since the depression has been with us the improvement in private re-employment made itself felt during the last year. This, together with the valuable support rendered by the Federal Government, has enabled the Town officials to concentrate on projects which have a permanent value to our community. Among these has been the Extension of Water Mains towards Asbury Grove. Already the present installation has justified itself by preventing what might have been a serious fire loss in this area.

Another was the continuation of building permanent roads under the provisions of Chapter 90, General Laws, by which the Town contributes only 25% of the cost, the balance being assumed by the Commonwealth and County. Having these favorable terms in mind, the Board has applied for more of this work during the coming year on Asbury Street and the completion of the work on Bridge Street. We recommend acceptance of these articles in the Warrant as a good investment for the Town. It is possible that the County Commissioners may require repairs be made to the bridge over the Ipswich River on Highland Street this year. In this event, the Town's share would be approximately \$1500, with the Commonwealth and County contributing the balance.

In estimating the requirements of Unemployment Relief for this year the Board has been obliged to take into consideration the probability of a substantial reduction in the amount of aid to be expected from the Federal Government.

In accordance with a vote at the last Annual Meeting relative to numbering houses and lots on the streets of the Town, the

Board has secured a Federal project for this work and it will be started as soon as conditions permit.

The Board recommends that careful consideration be given to expenditures to be made at the Town Meeting and by doing so another reduction in taxes appears to be probable.

It is with regret that we note the passing of two outstanding public officials — Arthur C. Cummings, long a familiar figure among the townspeople and for many years a member of the Board of Selectmen, and George Kelly Knowlton, who was a valued member of the School Committee. A more extended account on the services of these men will be found elsewhere in the Town Report.

Although not properly a part of the 1936 Report, we cannot refrain from reporting another serious loss to the Town in the recent death of George E. Safford, who served the Town faithfully as a member of the Board of Selectmen and, in more recent years, as Chairman of the Board of Assessors.

At this time we wish to express our appreciation for the assistance rendered by Miss Morrow, our Federal Coordinator, and to the Unemployment Committee.

We thank the various boards and Town officials for their splendid cooperation during the past year.

Article 10. "To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws."

Article 11. "To see if the Town will authorize the Collector to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use agreeable to Chapter 41, Section 37, of the General Laws."

Article 12. "To act on any other matter that may legally come before said meeting."

And you are directed to serve this warrant by posting attested copies thereof, one at the Town Hall, and one at each of the three postoffices in said Town, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of holding said meeting.

## RECOMMENDATIONS OF THE FINANCE AND ADVISORY COMMITTEE

### To the Citizens of Hamilton:

The recommendations of the Finance Committee for appropriations for the year 1937 adhere in general to the appropriations for 1936. Unemployment and Public Welfare are two items which continue at an increased amount as compared with normal appropriations for these departments. There are, however, recommended reductions over last year of \$1,500 in Unemployment and of \$500 in Public Welfare, in which reductions the Selectmen concur. Increases this year are primarily in Schools, Chapter 90 work and Police. The saving in the regular school budget effected by a reduction in the cost of transportation has been taken up in part by additional amounts for repairs, by increased salaries and instruction in music and drawing. The extra school appropriations are \$500 in excess of last year, and for the most part speak for themselves. The Chapter 90 work, which is done with town, county and state funds, and which in our opinion is of great benefit to the town, may cost \$7,500 this year. If the requested projects are approved, permanent roads will be constructed on Asbury and Bridge Streets and a bridge on Highland Street will be rebuilt. Moreover we have increased the highway appropriation by \$500, which \$500 will be allotted to upkeep of Chapter 90 roads on the expectation that the state or county or both will contribute an equal amount for the purpose. The Police appropriation is increased by \$400. Of this amount \$100 represents the transfer of the dog officer from Selectmen to Police. The other \$300 is an increase to cover estimated additional work which the Police Department has been undertaking at night, and the possibility of more problems arising with the opening of liquor package

shops in the town. The total appropriations recommended for 1937 are less than for 1936 but, if it were not possible to save money on snow, the total appropriation for 1937 would exceed 1936.

The Committee is pleased to report to the town that the various departments are for the most part operating efficiently and giving full value for town money appropriated.

ANNUAL REPORT  
OF THE  
SCHOOL COMMITTEE  
OF THE  
TOWN OF HAMILTON  
FOR THE YEAR  
1936

CHRONICLE PUBLISHING CO., PRINTERS

IPSWICH, MASS.

## REPORT OF THE SCHOOL COMMITTEE

### To the Citizens of Hamilton:

The school and the town were most fortunate in retaining all but one of its able teachers during the year 1936, Mrs. Abbie Eaton replacing Miss Grace Jenkins, as art supervisor. This alone is a substantial proof of the cooperation and satisfaction existing in the school system at present. While we always strive for improvement, the abilities and efforts of our teachers have kept the Hamilton High School a peer to all schools of similar size in the state.

Except for a few minor changes, the curriculum remains the same. Your committee, believing that the well-rounded child is educated in body as well as in mind, lengthened the school day by half an hour to give more time to physical education, because it felt that the usual school period was not long enough to allow the students to really benefit from this valuable phase of education. Following the same line of thought, the committee purchased playground equipment for the Jonathan Lamson School so that the children might have an opportunity for safe play and exercise. The committee hopes to augment this equipment in 1937.

Primarily in response to the well-conceived and earnest desires of the parents, the committee was very pleased to reinstate music on the schedule, as well as to double the amount of time for drawing.

The athletic teams, on the whole, were considered a success though not always victorious. The players showed, most of the time, that they had a high standard of teamwork, grit, and gentlemanly conduct while on the playing field. The committee would like to see more children engaged in athletics so as to make it possible to arrange an intramural schedule of sports.

In 1936 the committee received from the town \$41,964.79 as its regular budget upon which to operate its schools. This was entirely spent with the exception of 22c. From the special appropriations, the committee bought playground equipment, fertilizer for the front lawn of the High School, and painted the trimmings on the outside of the High School building.

Mr. William Bancroft was awarded the bus contract for the second term and is operating new Chevrolet chassis busses. By this new three-year contract the town will save \$846. a year over the previous contract.

Your committee is asking for a regular budget of \$42,299.06 on which to operate the schools for 1937. The committee feels that this budget is not extravagant but allows for a complete and well balanced schedule. The special items for 1937 are \$150. for playground equipment, \$400. for a cafeteria size Frigidaire for the domestic science department, \$50. for educational trips, \$50. for fertilizer for the front lawn of the Hamilton High School, and \$350. for tuition and vocational tuition.

The school committee submits this report to the citizens of the Town of Hamilton and hopes for their cooperation and suggestions in the future as in the past.

Respectfully submitted,

FREDERIC WINTHROP, JR., Chairman

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee,

DEAR MADAM AND SIRS:

My fourteenth annual report is herewith submitted for your consideration.

Total	175	20	194
Grand Total			389

The grand total is twenty-eight more than of September 1935.

## TEACHERS

As in my previous annual report I am pleased to state that there has been but one change in the teaching force during the year. Miss Grace Jenkins, supervisor of art, resigned to re-

turn to her previous position in the Wakefield School System. We were fortunate to fill the position thus vacated by securing the services of Mrs. Abbie Eaton who was previously employed as art supervisor in our school system.

### SALARIES

A recent bulletin of the State Department of Education on Salaries of Teachers in the Public Day Schools of Massachusetts—1936 shows that of the one hundred eight towns in Group III—Towns of less than 5,000 population and maintaining high schools—Hamilton ranks twenty-fourth in average salary paid elementary school teachers; twelfth in average salary paid Junior high school teachers; forty-sixth in average salary paid men in senior high school and thirty-first in average salary paid women senior high school teachers.

### SPECIAL CLASS

We are most fortunate in being able to maintain the special class for pupils needing more instruction and assistance than can be given by regular grade teacher.

In some cases we find pupils are able to do the regular grade work while in other cases progress must be slowed down to the ability of the pupil to master the work with a fair degree of efficiency. Previously the work of this class has been confined to pupils from grade three to six inclusive but at the present time the class is made up of pupils from grade three through grade seven.

It seems advisable to extend the work through grade eight if necessary but thereafter require pupils to enroll at the high school, repeating grade eight at the high school, if necessary, otherwise to advance to grade nine. Pupils of grades seven and eight are required to take physical training and the indus-

trial arts training with the corresponding classes at the high school building

Although it has been necessary to secure the services of another dentist to conduct the dental clinic the work is being continued. We find that parents are cooperating most satisfactorily and having their children's teeth given necessary attention by either the family dentist or school dentist. The report of the school nurse shows that sixty-three per cent of those with defective teeth received dental care following the school examination.

## PLAYGROUND

In my last annual report it was requested that permanent playground equipment be provided for the school grounds at the Jonathan Lamson School. I am pleased to report that there has already been installed on the grounds one vertical bar and six see-saws. There is in process of construction a shoot-the-shoot. It is my purpose to increase the number of pieces of equipment as funds will allow.

It is hoped that the school grounds may be so greatly improved with equipment that within a few years a playground may be conducted during the summer months under the supervision of a competent instructor.

The school building in part should be available to provide toilet facilities and a room for handwork and recreation in inclement weather.

It seems to me that here is an opportunity for civic organizations to cooperate by providing some equipment or an instructor.

## ATHLETIC FIELD

The field at the rear of the high school building has already been laid out, marked and used for football. The field is also being used for games, drills, etc., taught by the physical training instructors during the physical training periods. If baseball is to be continued as a major sport the field should be laid out for use in that sport. It is most earnestly hoped that two tennis courts with permanent surface can be built on the field during this year. Probably no outdoor sport which can be developed through the school, can give as much opportunity for recreation throughout life as tennis.

As soon as the courts can be provided we can rest assured that they will be in almost constant use.

## SPELLING

The "Word Lists" used in the schools for the past several years have been replaced by providing "My Word Book" for use in grades two to six inclusive. Doubtless the words and number of the same may not greatly differ from those found in the "Word Lists" however, there is found in the new texts a great variety of learning exercises. Each exercise is given for a distinct purpose and the text cannot be used without carrying out the work as outlined.

The texts are most interesting to the pupils because of the variety of methods used, the frequent tests, the opportunity provided for mastering difficult words and the chart recording progress.

By the adoption of these texts for school use we have raised spelling out of the "drudgery classification" and placed it on the "opportunity shelf".

Although the text has been in use but a short time I predict results obtained in spelling will show a decided improvement in due time.

## High School

An examination of the program of studies offered in our Junior — Senior High School is convincing proof that our pupils are provided educational opportunities equal to or greater than offered in most high schools of approximately the same size. In each grade the basal educational subjects are found: physical training is required of all pupils with the opportunity provided for many to make the varsity teams; music and art are required in some grades and are optional in others; practical arts courses are required of all junior high pupils and open for election to senior high school; higher mathematics, the sciences, a modern or foreign language, and commercial subjects are available for pupils to pursue according to the course selected and their adaptability to pursue the course.

A few of the classes are large but a majority of them are small allowing teachers to do much individual work with those requiring special assistance. Periods for special assistance are provided for several of the classes thereby increasing the actual teaching time about fifty per cent.

The honor system is sufficiently broad and elastic to allow pupils to receive honors somewhere throughout their school career if they have sufficient initiative and perseverance.

The school is so organized that every pupil has an advisor to whom he may look for guidance as needed or to whom the teacher may offer the benefit of her experience as seems advisable.

Pupils are provided varied opportunities to express themselves through the many social activities of the school under the supervision of teachers.

Pupils from our school have in the past entered almost every educational institutions of higher learning in New England with-

out further preparation than that provided in our school system. Pupils can do the same this year and in future years if they have mental capacity, willingness to do intensive work and will choose the course and subjects necessary to be pursued for admittance to the college or university of their choice.

### HORACE MANN CENTENNIAL OBSERVANCE

It is most fitting that due recognition be given this year through the public schools and all affiliated organizations in suitably observing the one hundredth anniversary of Horace Mann's assuming the position as first Secretary of the Massachusetts Board of Education.

The schools of Hamilton will devote the necessary time to the study of the life of Horace Mann and to the state school system which he became a power in founding. It is anticipated that public exercises will be held as a fitting climax to the work carried out in the schools.

In conclusion may I express to the teachers, supervisors, school committee and citizens of the town my appreciation for their support in making it possible for the pupils of Hamilton to enjoy the fullest possible educational advantages.

Respectfully submitted,

JOHN D. WHITTIER

## REPORT OF HIGH SCHOOL PRINCIPAL

MR. JOHN D. WHITTIER,

Superintendent of Schools.

Hamilton. Massachusetts.

Dear Sir:

I present herewith my fifth annual report as principal of the Hamilton junior-senior High School. During the past year educational activities have progressed satisfactorily. There has been unity of purpose exemplified by both faculty and pupils. I believe that the standing of the school is higher than it has ever been before. I shall endeavor to continually improve all phases of education as changes occur.

Student Association dues were started this year. The plan is for each pupil to pay ten cents per week, and if this payment is continued consecutively each week, then that pupil is admitted free to all school activities. As a further incentive for pupils to pay weekly, I started a popularity contest for fifteen weeks. The object of the contest was to elect by ballot the most popular boy and girl in the building. The Ballots were obtainable when dues were paid. The contest ended with a coronation dance. This dance was open to the public, and during the evening the winning boy and girl were crowned king and queen respectively, and were given gifts. I believe that the contest served its two-fold purpose of getting the pupils to pay their dues, and offering a bit of variety to school life. The total sum which any pupil paid was one dollar and fifty cents. The price of admissions, to the events where the student association coupons were honored, totaled one dollar and sixty-five cents. This shows that the pupils saved money by having

their Association Dues paid to date. It seems to me now that during the second half year pupils will be receiving much more for their money than they did the first half year providing that their dues are paid to date each week. This will be because there will be a greater number of athletic contests and socials than there were during the fall.

In the past it has come to my attention that high school pupils and even graduates have been bothered with spelling. Because of this, spelling is being offered to all pupils in the building this year for the first time. It is taught by the home room teachers during the first ten minutes of each day. New words are given for study, and the words offered the previous day are tested. Once each week double the usual number of words are given in a test, and the pupils' mark in this particular test is recorded. This method seems satisfactory, and by the end of each year pupils should be able to spell from one to two thousand more words than they would ordinarily be able to do without these daily spelling instructions.

The graduation exercises were commendable. The speakers were selected because of their speaking ability for the first time. As part of the exercises, the president of the class presented to the school the class gift, a steel game cabinet and two locker room benches.

There is in my office a beautiful victory trophy which has been presented to the school by a friend. It is to be retained in the school at all times. It will be awarded at graduation by having the name of the pupil inscribed on it who is rated highest during the school year in character, leadership, scholarship, and who has a love for some outdoor sport. The donor of this trophy will be made public at that time.

A few members of the senior class took advantage of the conducted tour to Washington last spring, although the class as

a whole did not go. I went in the capacity of a business director. The few pupils from Hamilton were with me throughout the trip. We all had a splendid time and felt that the trip was very much worth while. This year there are approximately twenty-five pupils who plan on going to Washington. Chaperons have been elected. The class has chosen the nine day trip, which will include a visit to the Shenendoah Valley. This trip is one day longer than the trips of previous years. The class voted to go with the Green Tours and I am quite certain that it is one of the best tours. The parents of the senior class have followed a method of raising money for the Washington trip this year which has been most satisfactory.

Five junior high school boys and girls entered the Elbridge Anderson Government Speaking Contest in Wenham last spring. Among the first five names which were announced winners in the contest, Hamilton won the first, second, and fifth places. The team prize went to Wenham, as all ten places were counted in totaling the team prize. This showed excellent work on the part of our pupils and good coaching by the teachers.

The public speaking class which I started last year is being continued this year. New material is being offered in class. There are some pupils who have elected it for the second year. As improvement in speaking comes primarily through practice, it is advantageous for pupils to select this subject as often as possible. As a result of my entering boys in the state speech tournament last year, I accepted one of the vice-chairmanships of the National Forensic League for Massachusetts. This means that Hamilton High School will act as host to high schools of Northeastern Massachusetts in a divisional contest during the afternoon and evening of February 19. About forty-five high schools have been invited to send contestants. The speaking events are dramatic, oratorical, and humorous declamations,

original oratory, extemporaneous speaking and debates. I am glad that it is possible to have this contest come to Hamilton. It will be a splendid opportunity for citizens of the community to see what is being done in secondary education for the improvement of public address. This is the first time that a contest of this nature has been held in this section of the state and the second year a similar contest has been held in the state. Winners from this tournament will be eligible to enter the state tournament in March and later the New England Tournament. The members of my class are accepting responsibilities by either entering this contest, or showing willingness to assist in its administration. I am not expecting too much from my pupil contestants, but I shall be pleased if an enthusiasm is aroused in them which will tend to improve their ability in this art.

Athletics of the intramural type are becoming more and more important in the school life of our young people. Less emphasis is being placed on the interscholastic contest. We are working on the basis that it is better for a great number to have fundamental knowledge and skill in the major and minor sports, than it is for a few to be highly trained. Games which are being offered are the type which may be continued by individuals later in life. At the present we are offering contests in many minor sports, such as: volley ball, basketball, bat ball, ping pong, horse shoes, as well as the regular decathlon events. There is a great deal of enthusiasm being shown by all pupils in these games. The directors in the physical education department have arranged a plan by which points are offered to individuals who win events, as well as to members of winning teams. Other points may be secured by being a member of a varsity team, executing the duties of a manager, monitor, or being on the honor roll. These points accumulate and when a definite number has been secured, then the pupil is eligible to receive a school emblem. The schedules for our varsity teams are

eased-up considerably this year, both as to size of our opponents and in the number of games played each season. We used our new athletic field for the first time this fall, when we played our scheduled football home games on it. We shall probably have to use Pingree Field for baseball, as there is no diamond laid out on the new field. I am looking forward to the time when we shall have tennis courts on the school grounds. They will not only be greatly appreciated by pupils, but by the citizens of the entire community. It is my plan to outfit the girls in field hockey this Spring. It will be rather expensive to equip the team completely for the first time. This is a game which is universally played by girls. It is not only very exhilarating to health, but it is a game which they greatly enjoy playing.

I want to thank you for your assistance in helping me keep the standard and morale of the school at its present high level. It has been a pleasure to work with you during the year. I am appreciative of the splendid school board which we are fortunate in having, and I want to thank them for their assistance in maintaining and promoting helpful policies in the school.

Respectfully submitted,

ROLAND W. PAYNE
